About me

Born to a Swedish father and a Russian mother, Alexandra began her acting career in 2016 after graduating an int. 2 year physical theatre program. She has since worked as an actress and as a professional violinist full time. In the performance The Ordinary Princess she played 30 different characters by only altering voice and body language. A skill she also used as a motion capture actor in the game It Takes Two. For her leading role in One of Us (2021) she was awarded best actress at several Short Film Festivals in 2022 (i.e. Indie Short Awards in Cannes - New York Indie Shorts Awards).
